

FCC Management; I pay to enjoy the benefits of listening to XM Satellite Radio and want it to be able to provide traffic and weather channels. XM satellite radio provides variety and quality that are not available elsewhere. I pay for these services and it should not be up to the National Association of Broadcasters to dictate what Americans are permitted to hear. I respectfully urge the FCC to reject the NAB's petition 04-160 and to support XM's ability to provide the kind of programming that Americans demand and deserve.

Sincerely,

C.K. Lindberg
